PRACTICAL GUIDELINES
STAGES OF THE REPORT

1. SUBMISSION OF NEW REPORTS AND SELECTION OF SUBJECT MATTER
   - Choose the subject matter of the report, from the list of available options.

2. INFORMATION ABOUT THE CASE
   - Answer the questions and provide all information that you possess, with as much detail as possible.
   - If you wish to do so, you may attach documents or files.

3. SUBMISSION OF THE REPORT
   - Upon completing the process, you may choose between submitting the report using your first and last names, or filing the report anonymously.
   - In any event, please remember to always provide an e-mail address; otherwise, you will not be able to recover your secret password if you forget it, nor will you be able to receive any notifications regarding the status of your report.

4. FOLLOW-UP
   - With the “report code” and the “secret password” generated by the system, you will be able to monitor the status of your report and submit any additional information, if so required.

5. ANALYSIS OF THE REPORT AND CONCLUSION OF THE PROCESS
   - We will review the reported case to determine whether or not it merits the initiation of an investigation, which could ultimately result in the imposition of corrective measures, as applicable.

IMPORTANT
Please bear in mind that, if the subject matter of the report does not fall under the scope of the hotline, or if insufficient background information has been supplied for the purposes of initiating an investigation, the case will be closed and marked as “inadmissible.”
